Professional Experience

- **Bachelor's internship** *february – june 2021*
Technord, Tournai, Belgium
13-week internship where I created an installer with NSIS to simplify and accelerate the installation of software and a experimental web application with Angular in order to verify the viability of a new product.
- **Student Job – meat counter** *2019 – 2021*
Carrefour EU, Froyennes, Belgium
During this experience I was able to improve my communication with customer contacts as well as familiarize myself working in large companies.
- **Lighting designer intern** *2012 – 2015*
Jet Sound, H&D Technologie, Opéra Bastille, Belgium and France
These internship were superb: I was a child making his dreams come true. The best time for me was to be at the lighting console of a show.

Projects

- **Naturopath** – School work finish (TFE – Bachelor's degree) *2021*
Creation of a web application - REST API: Naturopath which is a Wikipedia like. Users can view, add and edit pages. The administrators validate the content of the pages. Learn: Java avancé, Spring Boot, Swagger, Angular (TypeScript).
